

Centennial Quality Unit Award

Fall is upon us and units will soon be coming into re-charter time. Now is a good time to refresh yourself on your commitment of goals for the Centennial Quality Unit Award that you filled out with your District Executive.

A quick refresher of what the general goals were:

- You committed to have a percentage of direct contact leaders trained.
- You committed to recruiting a number of new youth and retaining a certain %.
- You committed to recruiting new parents to help our in your unit.
- Committed to having 60 percent of your youth members advance in rank or improve by 10 percent.
- Commit to having 70 percent of your youth members having an outdoor experience or one activity per month.
- Commit to an annual program planning day.

If you need a copy of your goals or would like to see which leaders are officially in the computer as trained, please contact Scott Behrends at 735-7306 or sbehrend@bsamail.org.

Training

Is your unit fully trained? Has your committee gone through training? A Scoutmaster or Cubmaster can not do it alone. A functioning committee trained in their duties, decreases the burnout rate of a unit leader. How do you get trained? Call Scott your District Executive to set up a training as a group or visit the online learning center at www.bmcbsa.org or www.scouting.org.

LDS Relationship Note:

The weekend of November 3rd, President Dahlquist will be visiting the Tri-Cities and speaking to you on Scouting. Please don't miss this great opportunity to hear these inspiring words to help you in your Scouting involvement. Contact your Bishop or Stake President for more details.
